

## STUDENT FEES

St. Tammany Parish School Board (STPSB) is dedicated to providing a wide variety of educational opportunities to enrich and engage students throughout the learning cycle. STPSB ensures that fees associated with enrichment activities, consumables, courses, or services which exceed or extend the basic curriculum or constitute personal use or benefit, shall be used for the designated purpose, are not mandatory and may not exceed the reasonable cost for the goods or services. An annual fee structure, administrative processes for implementation (including a description of use), and a waiver process for fees other than the general student fee shall be communicated to parents/care givers and the community in advance of the start of the school year.
